## Bedroom

We do supply you with cushions and blankets, however, due to hygiene reasons we do not supply bedding. Flat sheets are best due to the curves of the Airstream.

## Exterior

To add to the "Iconic" view of your holiday we also decorate the exterior to make it match the beauty of the Airstream. We do this by using an exterior vintage rope and pole awning which will be erected for you. Please note this is subject to weather and ground conditions. We set up outside with a patio table and chairs together with lawn chairs for relaxing in the sunshine. We even provide a sun brolly too, for those of you who prefer to sit in the shade!

Most importantly we include fairy lights, candles and the token Pink Flamingo! All to ensure you will have a unique magical Iconic Airstream experience.
